Notes to Financial Statement

Note 1 – Nature of Business and Significant Accounting Policies

Total Health Care USA, Inc. (the "Company"), a not-for-profit corporation, operates as a state-licensed health maintenance organization (HMO). The Company provides medical services to persons primarily in southeastern Michigan who subscribe as part of an employer group, or as individuals.

Statutory Basis of Accounting – The financial statements have been prepared in accordance with the NAIC Accounting Practices and Procedures manual and the statutory accounting principles as prescribed by Section 1007 of the Michigan statutes. Statutory accounting principles differ from generally accepted accounting principles (GAAP) in their definition of assets and liabilities. Specifically, certain assets (such as intangible assets and receivables greater than 90 days) are excluded from the statutory-basis balance sheet. GAAP net assets exceed statutory net assets by approximately \$100,000 at December 31, 2005. There are no significant differences between statutory accounting principles prescribed by the NAIC and the State of Michigan accounting requirements that are applicable to the Company.

Cash and Cash Equivalents – The Company considers all highly liquid investments purchased with an original maturity of three months or less when purchased to be cash equivalents. Certificates of deposit in banks or other similar financial institutions with maturity dates of one year or less from the acquisition date are considered cash under statutory accounting principles.

Note 1 – Nature of Business and Significant Accounting Policies (Cont)

Investments – Short-term investments and long-term certificates of deposit are recorded at amortized cost, which approximates fair market value. Long-term certificates of deposit are classified as bonds on the balance sheet per statutory guidance. Investment income or loss (including realized gains and losses on investments, interest, and dividends) is included in net investment income on the statement of revenue and expenses. Changes in unrealized gains and losses on investments are included as a direct adjustment to capital and surplus.

Revenue Recognition and Accounts Receivable – Subscriber premiums are recognized in the period that members are entitled to related health care services. A substantial portion of accounts receivable is due from third-party payors for subscribers located within southeastern Michigan.

Notes to Financial Statement

No allowance for doubtful accounts has been recorded for receivables at December 31, 2005. Receivables greater than 90 days old are treated as non-admitted for statutory accounting purposes.

Recognition of Medical and Hospital Expenses –Medical and hospital expenses and the related liabilities are recorded when eligible medical and hospital services are authorized or performed. Unpaid claims represent management's estimate of the ultimate cost to settle all claims incurred prior to year end.

Physician Group Contracts – The Company contracts with physician groups for the provision of medical care and compensates the groups on a capitation basis. A portion of the capitation payments is retained for payment of specialty claims, pharmacy incentives, hospital incentives, and settlement of risk-sharing agreements with each of the physician groups. These retentions are included in the accrued medical incentive pool liability at December 31, 2005. To the extent specialty claims exceed the amounts withheld, the specialty claims withhold pool liability is reduced by balances deemed collectible by management.

Note 1 – Nature of Business and Significant Accounting Policies (Cont)

Hospital Group Contracts –The Company contracts with several hospital and other groups. These contracts are paid under capitated fees or various other charge arrangements.

Malpractice Claims – The Company has a claims-made policy for malpractice insurance. The Company's policy is to accrue for estimated costs of claims and incidents during the term of the claims-made policy.

Employee, Office Space and Equipment Leasing Agreement –The Company has an employee, office space and equipment leasing agreement with Total Health Care, Inc., its parent company, which is responsible for payment of most of the management, operational, and administrative expenses. Ultimate operational control rests with the Board of Directors of Total Health Care USA, Inc.

Income Taxes – Total Health Care USA, Inc. has received federal income tax exemption under Internal Revenue Code Section 501(c)(4). The Company is also exempt from state and local income taxes.

Funds Maintained Under Statutory Requirements – The Company maintains segregated funds under statutory requirements to protect members and health care providers in the event the Company is unable to meet its contractual obligations. These funds can be issued only at the direction of the insurance commissioner in accordance with statutory and contractual provisions. Interest earned on these funds can be utilized by the Company.

Notes to Financial Statement

Note 1 – Nature of Business and Significant Accounting Policies (Cont)

Use of Estimates – The preparation of financial statements in conformity with statutory accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Certain significant estimates exist relating to unpaid claims. It is at least reasonably possible that these estimates will be materially revised in the near term.

Note 2 – Accounting Changes and Corrections of Errors

The Company prepares its statutory financial statements in conformity with accounting practices prescribed or permitted by the State of Michigan. Effective January 1, 2003, the State of Michigan required that health maintenance organizations domiciled in the state of Michigan prepare their statutory basis financial statements in accordance with the NAIC Accounting Practices and Procedures manual in effect on January 1, 2003 subject to any deviations prescribed or permitted by the State of Michigan insurance commissioner. There was no impact on the 2005 statutory financial statements as a result of the accounting changes.
